

# A8 L

Space for progress

# The new Audi A8 L

In the Audi A8 L you can enjoy a comfortable, extremely roomy interior with excellent seating comfort in the rear.

## Focus on elegance chrome exterior package<sup>^</sup>

Gloss chrome on the front, rear and door handles adds elegant accents and provides a special contrast to the vehicle paint finish.

## Your personal favourite spot

The ideal place to work and relax on the move. More space and a particularly comfortable seating position for the person on the seat behind the front passenger.

## Attracts all the attention

The OLED technology used for the rear lights creates a fascinating and impressive lighting design, a striking design element that is completely digital.

Final equipment subject to specification sheet.  
^Chrome package is not available for business edition.

\*Overseas model is indicated, specification and feature may differ in Hong Kong.

# True greatness comes from within

The new Audi A8 L features a high-quality extended interior with particularly high seating comfort. The optional comfort customised contour seat with relaxation seat function for the seat behind the front passenger offers an almost ideal place for working and relaxing while on the road.

## For a pleasant journey

The comfort customised contour seat\* with relaxation seat function offers the person sitting behind the front passenger an exceptionally high level of comfort thanks to its variety of possible settings. In addition, the electrically extending, heated footrest with foot massage function offers a special way to relax.

## More room for you

Take a seat and experience a feeling of spaciousness in your Audi A8 L. The comfortable seats and a modern, interactive display and operating concept that allows you to always keep an eye on driving information create an atmosphere that makes you feel at ease.

## Intuitive, integrated and universal

Display content from your device on the integrated screens# in the front seats and watch video streams, play games or use applications. Using the multifunctional central control unit in the rear#, you can also adjust various climate, seat and comfort functions individually.

Final equipment subject to specification sheet.

# Think bigger

The new Audi A8 L in firmament blue, metallic, embodies an exceptionally spacious environment as well as more headroom and legroom. Longer wheelbase and larger doors – A flagship design language that remains in a class of its own.

## Extraordinary accents

The rear end of the Audi A8 L is defined by the new design of the OLED rear lights as well as the chrome exterior package with additional chrome strip in the front and rear bumpers. The sill trims provide sporty accents at the sides.

## Eye-catching wheels

The wheels of an Audi meet high standards. In terms of design, they exude progressive elegance. Why not indulge yourself and create a powerful presence.

Model	A8 L 55 TFSI quattro®
Engine type	V6 engine
Max. output in PS / rpm	340 ps / 5,000 – 6,400 rpm
Max. torque	500 Nm / 1,370 – 4,500 rpm
Displacement	2,995 cc
Max. electrical output at 12V in kilowatts	3
On - board voltage 1 in volts	12
On - board voltage 2 in volts	48
Drivetrain / Transmission	
Type of Drive	quattro® permanent all-wheel drive with self-locking center differential
Transmission	8-speed tiptronic
Weight / Capacities	
Empty weight in kg (lb)	1,980 kg (4365.2 lb)
Front / rear axle load limit in kg (lb)	1360 kg (2998.3 lb) / 1450 kg (3196.7 lb)
Fuel tank capacity in l (US gal)	82 l (21.7)
Performance	
Top Speed in km / h (mph)	250 km / h (155.3 mph)
Acceleration, 0 - 100 km / h (0 - 62.1 mph)	5.7 s
Consumption	
Fuel type	Gasoline
Consumption and emission values according to NEDC	
Fuel consumption (combined)	8.4 - 8.2 l / 100 km
CO2 emissions (combined)	191 - 187 g / km

Explanatory note

- Vehicle empty weight with driver (75 kg) and fuel tank filled to 90%, determined according to Regulation (EU) 1230/2012 in the currently valid version. Optional extras can increase the unladen weight and the drag coefficient of the vehicle, which reduces the possible payload or maximum speed accordingly.
- The stated consumption and emission values were determined according to the legally prescribed measurement methods. On 1 January 2022, the WLTP test cycle completely replaced the NEDC test cycle, so that no NEDC values are available for newly type-approved vehicles after that date.
- The information does not refer to a single vehicle and is not part of the offer, but is solely for comparison purposes between the different vehicle types. Additional equipment and accessories (add-on parts, tyre format, etc.) can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics and, in addition to weather and traffic conditions as well as individual driving behavior, influence the fuel consumption, power consumption, CO emissions and driving performance values of a vehicle.
- Due to the more realistic test conditions, the fuel consumption and CO emission values measured according to the WLTP are in many cases higher than those measured according to the NEDC. As a result, there may be corresponding changes in vehicle taxation since 1 September 2018. For more information about the differences between WLTP and NEDC, see <http://www.audi.de/wltp>. Further information on the official fuel consumption and the official specific CO emissions of new passenger cars can be found in the “Guide to the fuel consumption, CO emissions and electricity consumption of new passenger cars”, which is available free of charge at all sales outlets and from DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str.

Audi A8 LWB

Dimensions in mm

Dimensions are for empty vehicle weight. Luggage capacity 505 L (second value is with the rear seat backrest folded down and the vehicle loaded up to roof height). Turning circle approx. 12.9 m.  
1) Shoulder width 2) Elbow width \*Maximum headroom
