

**RS 5**  
**Sportback**

Twin-turbo power.

# The Audi RS 5 Sportback.

The Audi RS 5 Sportback is more than a sporty vehicle: experience premium functionality, comfort and dynamism. Striking design elements promise ultimate sportiness that you can confidently bring to the road with the powerful 2.9-litre TFSI twin-turbo V6 engine and quattro all-wheel drive. Thanks to an output of 450 hp and 600 Nm of torque, you can accelerate from 0 to 100 km/h in 3.9 seconds.

Fuel consumption combined: 9.2 l/100 km;  
CO<sub>2</sub> emissions combined: 209 g/km.

# The shape of sportiness

Whatever your perspective, the distinctively sporty character of the Audi RS 5 Sportback fascinates at first glance. The rear appears simultaneously robust and dynamic thanks to the RS-specific diffuser insert positioned above the mounted spoiler lip and RS exhaust system. On request, the optional 20-inch alloy wheels in matt bronze emphasise the vehicle's sporty appearance.

HD Matrix LED headlights with dynamic light animation. The new wheel design and the widened wheel arches add exhilarating accents.

LED rear lights with dynamic indicators rear diffuser define the sporty impression.

# Power and precision

Swiftly sprinting with self-assurance. Thanks to quattro permanent all-wheel drive with optional sport differential and 8-speed tiptronic with optimised gear changes and sporty tuning. Experience the standard RS sport suspension, which helps the Audi RS 5 Sportback sit firmly on the road. For even better cornering performance and driving stability, it is equipped with RS sport suspension plus with Dynamic Ride Control (DRC) as standard.

RS steel brakes with red calipers. Optional RS Ceramic front brakes with red calipers as shown.

RS Sports exhaust system, RS sports suspension Plus with Dynamic Ride Control (DRC)

# Take pole position

Welcome to the Audi RS 5 Sportback – to the control centre of pure sportiness. Sports car feeling all along the line. With the optional RS design package red in fine Nappa leather with honeycomb pattern and contrasting stitching on the sport seats as well as optional seat side trims in tango red. Here, good lateral support is just as self-evident as excellent seating comfort. The multifunction sport leather steering wheel with RS emblem, flattened at the bottom, combines with the RS-specific Audi virtual cockpit plus and the special RS menus on the MMI touch display to convey pure sportiness at all times.

|  |                                       |

Explanatory note

1. \* Empty vehicle weight includes driver (75 kg) and fuel tank 90% full, calculated in accordance with the current Regulation (EU) 1230/2012. Optional equipment may increase the car’s empty weight and drag coefficient, whereupon the possible payload and the top speed will b reduced accordingly.
2. \*\*\* The specified fuel consumption and emission data have been determined according to the measurement procedure prescribed by law. Since 1 September, 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO 2 emissions. Starting on 1 September, 2018, the New European Driving Cycle (NEDC) will by replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO2 emission measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC.
3. \*\* We recommended using super sulfur-free unleaded RON 95 fuel in complying with DIN EN 228. If this is not available, use regular sulfur-free unleaded RON 91 fuel complying with DIN EN 228, power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10% (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/ EC.
4. We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types.
5. Additional equipment and accessories (e. g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO₂ emissions and the performance figures for the vehicle.

RS 5 Sportback

Dimensions in mm

Dimensions are for empty vehicle weight. Luggage capacity 465 l /1,280 l (second value is with the rear seat backrest folded down and the vehicle loaded up to roof height). Turning circle approx. 11.7 m.  
\* Maximum headroom. \*\* Elbow room width. \*\*\* Shoulder room width. \*\*\*\* Vehicle height with roof aerial.
